A woman, a Miss Messenger, on Tuesday last, shot a man on the street at Louisville for speaking disparagingly of her. She had applied for admission to a bell the night before, and had been refused on the strength of something the man said to the doorkeeper, and took to pistols to

vindicate her reputation. THE A man was vesterday fined \$10 and costs for brutally beating a boy at a fruit stand near the Palmer House. The boy was tending the stand and remonstrated with the man against eating the fruit without paving for it, when the brute kicked and cuffed the boy until the crowd interfered. They insisted on his punishment.

Gentlemen can see the most perfect selection of styles, such as Scotch ties, Anderson ties, Congress guiters, calf boots, Belchers' double sole sewed boots, &c., &c., ever brought to this market; at old prices.

Ice, Ice .- The greatest luxury in warm weather is ice. Without it how could we endure the heated term? Blessed be the man that invented ship having furnished one-third of her total miliice-ice in summer. Mr. Geo. W. Pitts, on Vermont street, has the nicest, cleanest and most transparent ice which he delivers each morning to his customers. Call on Mr. Pitts and he will keep you cool.

The Cincinnati papers are publishing a list of "exempts," specifying those who are aliens and those who have procured the surgeon's certificate of disrbility. Here there is an easier way to get round the draft, men have figures now stand, but they will be of course conmerely to have "conscientious scruples."

Capt. Sharpe, of Metcalfe's cavalry, and eight of his men-who ingloriously fled at the first fire, when the engagement with Scott's Louisiana cavalry commenced at Big Hill, Madison County, and never stopped running until they reached Covington-were arrested vesterday by order of the Provost Marshal, and sent back to Lexington in charge of Capt. Henry Stacey and a squad of soldiers. These are the men who told such a marvelous story about the disaster to Col. Metcalfe and his men -Cin. Gozette.

The finest peaches we have seen this season were presented to us vesterday, by Mr. James Swain. They were large and sweet, and so mellow that they seemed to melt in the mouth like ice cream. They were raised on his lot in the city. Every family owning a lot, with a little attention, could in three years have an abundant supply of peaches; and the trees, sheltered as they would be in the city, are not liable to be destroyed by the heavy frosts of water that bear so hard upon our orchards. Many thanks to friend Swain for his treat.

Ice .- Mr. Joseph Butsch, one of the most enterprising ice dealers of the Northwest, has, as he instructs us to announce, an abundance of ice for home consumption, and also plenty for foreign trade. All orders from dealers abroad will be promptly filled. Mr. Butsch's residence is South street. No. 48, where all orders may be left. Communications through the Postoffice promptly attended to.

The quality of Mr. Butsch's ice is unequalled, and from the quantity he has on hand, he can supply all customers at home and abroad. 15-dlm

BEGINNING IN EARNEST -Just as we expected, Gen. Nelson having taken the field, events are hastening to a happy conclusion so far as the invasion of Kentucky is concerned. On Sunday Gen. Nelson was in this city, yesterday afternoon he was at Richmond, Kentucky, at the head of an army thirteen thousand strong, in hot pur-Proceedings of the 30th suit of the invaders. There is a strong probability that he will overtake them, and if he does will utterly applibilate them as an organized force and either kill or capture them. We look for an energetic prosecution of the campaign in this State. - Louisville Democrat.

POLICE MATTERS.—Our police reports show no new features. The City Attorney says there are no new varieties in the kind of drunks brought nearly all "dead heads," men and women who never have a cent left after soaking their brains sual one these times. We noticed among them one woman drawn up the street on a dray. She Mr. Davis' foundry, from whence she was carted off to jail. Her husband concluded to let her board out her time at the county boarding house.

SHOOTING AFFRAY -Yesterday about noon a shooting affray occurred on Kentucky avenue that resulted in the serious wounding of Robert F. Jealousy seems to have The measles have again broken out in the been the cause. It appears that Catterson lodged in one of the upper rooms of McOuat's Block, where also Perine and his wife lodged. Perine has been embittered against Catterson for some time, and no later than Wednesday night snapped a pistol at him twice when they met in one of the upper halls of the building Yesterday Catterson left his room and had got down to the sidepei, is raising a company in New Albany. 2,391 The proportion to be given to the service will be about 33 per cent. of the entire population be tween the ages of 18 and 45, that is of the enrolled militia and the volunteer force. Take Marion county, for instance: The enrolled militia is 7.769, the number volunteered 2,400, ma- Sealed Proposals. king a total of 10,170. Thirty-three per cent. of this total is 3,390-the number to be furnished by the county. Out of this will of course be deducted the number already furnished, 2,401,

leaving 990 yet to raise The drawing will be by townships and a towntary strength will be exempt.

By this calculation the townships will be called upon to furnish as follows: Center..... 768 one out of 636 Washington full 5 Wayne..... 12 " " 37 Warren. 12 Decatur..... 47 " Perry..... 10 " Franklin 13 " " 22

This will be the proportion, or about it, as the siderably altered before the drawing is had.

CENTER TOWNSHIP AND THE DRAFT -It will from the returns from the Commissioner's office, although they are not entirely perfected yet, that Centre to vaship will be drawn upon very heavily by the draft. As the returns now stand the chances for a prize of a fowlingpiece and a knapsack will be one in six and a half. When the exempts are deducted, it will be one in five and a half, if there are 768 exempts, as in all probability there will be. There are a great many old chronic cases developing now that have been partially healed for years. We desire to call the attention of our citizens, one and all, to the returns. It is every mon's busi ness, and every man's interest, to look at them. The Ward Deputies have done their best to get correctly the names of those who have volunteered, but have failed in numerous instances. The reports show but 1,372 from this township. We all know this is below the number. Let every neighborhood see to it that the names of those who have left for the war are correctly en tered on the list, and it will reduce our quota considerably. There are hundreds doubtiess who \$1 26. have left certain localities whose friends have since moved whose names do not appear on the list. But three days remain to correct the lists, but if due industry is used in that time much can be done. The Ward Deputies will aid in the

work, and will freely make the corrections that may be pointed out. Our city, unlike the out townships, has not diminished in population during the war. The heavy drain of men has been filled by enterprising citizens moving, who supply the places of 10 65 for thin mess, and 10 for prime. those who have volunteered. Hence our proportion for the draft w'll be large. The entire county, by the present figures, will be called upon for 990 men, and of this numbes Center will have to furnish 768, although we have already sent 1,372

to 1,029 from the other townships. One glance at the figures will show the importance of each citizen constituting himself a committee of one, to look into the matter.

A Card from Capt. Tilberry Reid. CAMP JO REYNOLDS. Indianapolis, August 28, 1862.

To the People of Hendricks County: I have just received the following note viz: Mr. Tilberry Reid: Dear Sar-The report that you are going to run for Representative is work ng against recruiting. I want you to correct it in JOHN WORREL. the Journal.

The undersigned desires to say to his friends in Hendricks county that he is now attached to the 96th regiment, and his company lacks only twen ty-three men to complete the organization, which he confidently believes will be specifly done despite the efforts of political demagogues, (who having no intention of enlisting themselves,) to embarrass him in carrying into effect his cherished principle, "the vigorous prosecution of the In order to be understood, let me be plain. Being a life long Democrat of the Jack son school, I take for my motto, "My country, may she always be right, but my country right or wrong." For others have I unsheathed my sword in this war, never to put, it up until the whole country is restored to its constitutional authority and the flag of the Union shall float triumphantly over every foot of American soil.

The people in my county have been charged with opposition to the war. I have not besitated to repel it so far as in my power, not by words alone, but by deeds, and I call upon all who can, to follow my example

If my friends wish to compliment or endorse WHOLESALE GROCERS my course in political conventions, I shall not complain. I do not forbid them, but I ask them at the same time, to frown upon all persons, who, whether from personal opposition to me or any other cause, seek to retard enlistments in Hendricks county, and if they still insist upon the use of my name as a candidate, they must expect no personal effort on my part, for if there should be any honors not deemed indispensably necessary, THEBERRY REID.

He says that his father is either killed or a prisoner, and that sell The people want it. our stores are destroyed. I have two trains, but cannot get out, as the road is probably destroyed. They are fighting at Manassas now. A great many troops are going out to regulate matters. The foregoing dispatch is dated twelve o'clock,

noon, yesterday. From Cumberland Gap. Louisville, Aug. 28 .- A correspondent of the Democrat, just arrived from Cumberland Gap having left there on the evening of the 23d, re

ports that the Federal troops are in excellent health and spirits, and eager for a fight. There was an abundance of provisions, sufficient to last during the mouths of september and October. Every few days our troops send out foraging parties, sometimes consisting of a hundred wagons, into Powell's Valley, Tennessee, which in-

ing away whatever rebels they meet. The correspondent says that the Federals can hold the Gap against any lorce; that the rebels don't mean to attack, but think they can starve the Federals out. The number of rebels on this side the Gap is

estimated at twenty to thirty thousand, and they

variably return loaded, the foragers always driv-

are trying to get into Sandy Valley to join Cerro | CAPITAL Gordo Williams. On Friday last, Col. Garrard, with five hundred and sixty of his and Munday's regiment went on an expedition to ascertain the position of the enemy, and force his way through their lines to join Nelson, had one brush with Stearn's cavalry on

the route, and succeeded in his expedition. At Red Bird Creek, on Monday, Garrard met 150 of Stearn's cavalry, killing three, and mortally wounding two, when the remainder scattered at full speed. Mullens, of Munday's cavalry, was killed; no other federal loss.

The Surrender at Clarksville. COLUMBUS, O., August 28.-The official re port of Col R. Mason to Gen. Grant shows that

the circumstances attending the surrender of Clarksville have been grossly misstated. Col. Mason had repeatedly given notice to Gen. Buell's staff at Nashville that forces were being brought together to attack him in overwhelming numbers. He had no artillery, entrenchments nor other defense except in a brick college about which he was encamped, with some rifle pits thrown up to cover the doors. He had only 150 men in line, the others being absent on guard and fatigue duty at the river and taken prisoners. He was attacked by over 800 men with a battery of six and twelve pounders placed in position so as to bear on the college. Large numbers of citizens also turned out under

arms and more were coming. The attack was made at 9 A. M. The officers present unanimously advised a surrender, which was not finally made until sundown. Pending the negotiations, Col. Mason was allowed to send an officer to count the number of the attacking force. The garrison marched out with the regimental colors and garrison flag and were allowed to bring away all the private property of officers and men.

From Misiouri.

To Hon. E. M. Stanton, Secretary of War: LEAVENWORTH, Aug. 27,-Mojor Champion Vaughn of General Blunt's staff, has arrived at authorized to transact all business connected with the

these headquarters with dispatches. General Blunt murched with 1,500 men from Fort Scott August 17, and followed the rebels as far north as Lone Jack. The enemy declined an engagement and commenced a retreat. They were hotly pursued by General Blunt and driven in utter confusion across the Osage, with the loss of all transportation and equipments, besides

numorous arms, prisoners, &c. It is considered that the expedition saved the Missouri towns on the western border, besides striking terror into the hearts of the enemy as far as the Arkansas line General Blunt's column returned to Fort Scott ever received-trust by strict attention to business and

GREENVILLE, Mo., August 25 — Maj. Lippert, the first building of the 13th Illinois cavalry settlement of same, and oblige R. The guerrillas were totally routed, twenty of them killed, three times as many wounded, and a number taken prisoners. Sixty BROWNING & SLOAN, horses, seventy stand of arms, and all their camp equipage, were captured. The survivors scattered in all directions, and will not probably again reorganize. The affair was a complete success, and little more trouble need be apprehended from Hicks's band.

Reports from all directions are encouraging. Wherever secreted the guerrillas are speedily hunted out, and vigorously dealt with. Sr. Louis, August 28 .- Gen. Schofield has issued an order assessing some \$500,000 upon Secessionists and Southern sympathizers in St.

STATUTES OF INDIANA

GAVIN & HORD'S REVISION. The second volume of Mesers Gavin & Rord's compiletion of Indiana Sta utes has just appeared. This volume completes their work. Its mechanical escentice to ver creditable; and the skill, learning, and labor which the editors have bestowed on it, ment the high at praise. None but learned, diligent lawyers could have produced

such a work. The second volume embrages all the public statutes of Indiana now in force upon the subjects to which it relates, and the first all excepting the acts of the last regular and extra sessions of the Legislature. It is a great excellence of the compilation that all existing statutes on each subject are collected together in the same place in these volumes; so that tile reader can see at a glance all the legislation in force on any given subject. Take, for example, the act of 1852, organizing Courts of Common Pleas-the editors publish the act at large, and they also print, in the form of notes on the same page- containing this statute, all the acts amendatory to it which have been passed up to this time. And so they have done of

all the other acts contained in the revision of 1852. The editors have added much to the value of these volumes-especially the last-by the copicus and learned notes with which the volumes abound. These notes indicate much labor and legal acumen. They furnish us, in a concise and accurate form, with all the adjudications of our Supreme Court on these statutes. These adjudications being now very numerous, the references to them in the volumes under consideration, will be of great value to the lawyer, and indeed to all persons concerned in the administration of justice. The editors have also referred, in their notes, to numerous decisions in other States,

made on statutes similar to ours. An excellence of these volumes, not to be overlooked is the full and accurate index appended to each. In Indiana, there never has been a good index to any volumes of statutes published by authority. This provoking defect has been completely remedied in the volumes under review; and these indexes will greatly lighten the labor of

all who have occasion to look into our statutes. This is the first time that private enterprize has attempted the publication of Indiana statutes. The attempt, I do not doubt, will be successful, and will duly reward the learned editors and enterprising publishers. Every lawyer will, of course, purchase these volumes; and every-clerk, sheriff, and justice of the peace of the State, will find it to his advantage to own them.

DAVID M'DONALD. The torogoing notice by Judge McDonald, of Gavin & Hono's Compilation of the Statutes of Indiana, is not designed as a puff of the work, but is an unsolicited commendation of the ability, accuracy, and completeness

the press, is being delivered to subscribers as rapidly as possible. This edition of the statutes will be found a necessity to every lawyer, justices of the peace, and county officers in the State. The publication of the work is a private enterprize, and the publishers' only hope for remuneration is in its sale to those for whose convenience it was prepared. The two volumes contain about 1600 pages of matter, nearly double the quantity embraced in the revision of 1852.

As the best mode of procuring such proofs, I would suggest that every bona fide Briti-h subject resident in this State should, in case of a draft being reserted to, furnish himself with an affidavit of his nationality, properly sworn to and attested before a Notary Public, and

prevent disappointment and delay, to direct attention to the fact that applications by letter to the Legation at Washington for passes can not be acceded to. I have to remark, in conclusion, that in any case in
